Enterprise AI Solutions Sales, Business Development & Partnerships

SALES & COMMERCIAL HIGHLIGHTS

- Founded and sold a data-driven B2B startup where I owned commercial strategy, pricing, partnerships, and the exit (Virideu, CEO).
- 35% avg. annual revenue growth with 87% retention and 30% customer-base expansion via targeted campaigns (La Central de Domicilios).
- Sourced, qualified, and owned the deal cycle for capital-raise / M&A clients across a 3,000+ investor network (Costa Norte, IB business development).

CORE COMPETENCIES

- Sales & BD: Full-cycle B2B sales, prospecting & cold/warm outreach, lead generation, qualification, pricing & packaging, pipeline & forecasting, partnerships & strategic alliances, deal closure, account & customer retention.
- AI & Deep-Tech: LLMs, LLMOps, Machine Learning, Agentic AI, AI strategy & adoption roadmaps, research-to-market translation.
- CRM & Tools: Salesforce, HubSpot, NetSuite, SAP
- Commercial: P&L ownership, financial modelling & forecasting, go-to-market strategy, business-model innovation, investor & stakeholder relations.
- Languages: Spanish (native), English (fluent), Catalan (fluent), French (professional), Portuguese & German (working knowledge).

PROFESSIONAL EXPERIENCE

Tech Ventures Manager | Esade (Barcelona, Spain)

Jan 2026 – Present

- Serve as the business-development bridge between academia and industry, selling Esade's technology and tech solutions to companies and converting university research into commercial partnerships.
- Own the full commercial cycle for technology-transfer opportunities: source and qualify corporate prospects, position Esade's AI and deep-tech offerings, and negotiate partnerships that move research from lab to market.
- Act as trusted advisor and subject-matter expert on LLMs, agentic AI, and business-model innovation, evangelizing Esade's solutions to corporate decision-makers and founders.

Entrepreneurial Leader & AI Educator | RMIT (Barcelona, Spain)

Jan 2023 – Jan 2026

- Delivered hands-on AI-for-business training to 70+ researchers, 140 startups, and 10 women founders on validation, market entry, and AI-driven strategy.
- Architected RMIT Europe's AI Strategy as a hybrid framework bridging executive governance with frontline adoption of secure, agentic AI.

- Built commercial bridges between science, entrepreneurship, and industry to move ideas from research to market.

Business Development | Costa Norte (Berlin, Germany)

Nov 2022 – Jan 2023

- Prospected, sourced, and qualified companies preparing to raise capital or pursue M&A; owned the full partnership process end to end.
- Ran targeted cold and warm outreach introducing advisory services; evaluated prospect fit against a 3,000+ investor network.
- Acted as deal quarterback between clients and investors, using analytical tooling and a cross-border expert team to advance opportunities.

Co-Founder & CEO | Virideu (Barcelona, Spain)

Sep 2021 – Sep 2022

- Built and sold a data-driven sustainability-tech startup; owned commercial strategy, pricing, go-to-market, and the exit.
- Led the full B2B commercial motion: value proposition, partnership development, and deal closure.
- Presented vision, roadmap, and results to shareholders; managed key stakeholder and partner relationships.

Founder-Led Revenue | La Central De Domicilios/Granel Eco (Colombia)

2015 – 2025

- La Central de Domicilios: drove 35% avg. annual revenue growth with 87% customer retention and 91% CSAT; owned annual financial planning, cash flow, and projections.
- Granel Eco: grew monthly revenue 26% on average and expanded the customer base 30% through targeted marketing campaigns; cut packaging waste 85%.

Commercial & Financial Acumen | PageGroup/GCA (Barcelona, Spain)

2018 – 2021

- Owned corporate banking, cash management, FX, and treasury reporting across 15 European brands; built forecasts, financial models, and controls, the forecasting rigor behind sound pricing, packaging, and sales-pipeline accuracy.

Earlier Career

Advisory, policy, and social-impact roles across United Nations and NGOs, improving stakeholder engagement, public-sector project delivery, and research including public-policy work with government administrations.
