EU-FUNDED PROGRAMME DELIVERY, INNOVATION ECOSYSTEMS & DEEP TECH COMMERCIALISATION

PROFILE

Programme lead with 5+ years designing, securing funding for, and delivering innovation programmes across Europe, recruiting and mentoring 200+ ventures from ideation to market entry. Designed and ran cohort programmes achieving 95% completion and 4.5/5 participant NPS, owning KPI and benefits reporting directly to funding bodies. Activated innovation communities spanning 2,000+ companies, 500+ corporates and 150+ investors across one of Europe's largest innovation districts. Founder of three companies, with one built and sold. Works across English, Spanish and Catalan.

CORE COMPETENCIES

Programme Management	Innovation Ecosystem Activation
Funder KPI & Benefits Reporting	Research Translation & Commercialisation
Programme & Cohort Design	Stakeholder Engagement
Delivery & Compliance	AI Strategy & Adoption
Venture Recruitment, Selection & Onboarding	Programme Governance & Reporting Systems

PROFESSIONAL EXPERIENCE

Tech Ventures Manager | Esade (Barcelona, Spain)

2026 – Present

Design and deliver technology and venture programmes for Esade's founder, student and executive community, bridging academic research with market application.

Translate research-stage IP into investor-ready venture strategy, coordinating across faculty, programme directors and external partners.

AI Programme Architect & Lead | AllWomen (Barcelona, Spain)

2026 – Present

Designed and delivered a NextGenerationEU-funded AI programme across 3 cohorts (100+ founders), achieving 95% completion and 4.5/5 participant NPS.

Defined the full outcome framework covering completion, satisfaction and business impact, and reported results directly to the funding body.

Guided 120+ companies to embed AI into live operations, with measurable outcomes (new revenue streams, redesigned operating models, AI-powered processes) within 30 days.

AI Programme Leader & Solutions Architect | RMIT (Barcelona, Spain) 2023 – 2026

Recruited, onboarded and mentored 200+ ventures from ideation to market entry, curating and leading 70+ workshops, 16 networking sessions and 20 thought-leadership talks.

Designed and delivered AI strategy programmes for 60+ researchers and leaders on AI adoption, new business models, and translating deep tech into validated commercial opportunities.

Architected RMIT Europe's AI strategy as a governance-to-deployment framework, moving the institution from isolated pilots to applied AI across executive policy and frontline workflows.

VP Entrepreneurship Commission | 22@Network (Barcelona, Spain) 2025

Co-led the strategic direction of the Entrepreneurship Commission for one of Europe's largest innovation districts.

Activated an ecosystem community of 2,000+ startups, 500+ corporates, 150+ investors and hundreds of researchers.

Brokered partnerships with VCs, accelerators and innovation hubs, positioning Barcelona as a European anchor for deep tech.

Startup Mentor Deep Tech | University of Helsinki (Finland) 2023 - 2025

Mentored science-based startups in bioeconomy, circular economy and green tech on business strategy, funding readiness and go-to-market, from research proof-of-concept to investor-ready pitch.

Co-Founder & CEO (Founded and Sold) | Virideu (Barcelona, Spain) 2021 - 2022

Founded, built and sold a sustainability-data startup in 12 months, helping brands meet EU Green Deal compliance through data-driven communication systems.

Co-Founder | Delivery Central & Granel Eco (Bogota, Colombia) 2015 - 2025

Built a sustainable delivery company to 35% average annual revenue growth, 87% customer retention and 91% satisfaction; grew Granel Eco 26% average monthly revenue while cutting packaging waste 85%.
